

**Memo No.** 2018-027  
**Date:** 11-Jul-2018  
**Memo To:** Clients  
**Re:** Acetylcholine Receptor Antibody

---

Acetylcholine Receptor Antibody (ACRAB) testing services are available at three ICL supplier labs with differing nomenclature for the RIA technique:

- Laboratory Reference Centre (LRC Hamilton) offers the test as “Acetylcholine Receptor Antibody”
- Mayo Clinic Laboratories (Mayo) offers the test as “Acetylcholine Receptor Binding Antibody”
- Quest Diagnostics offers the test as “Acetylcholine Receptor Binding Antibody”

The assay has recently become unavailable at Mayo.

Effective immediately, all orders for ACRAB will be referred to LRC Hamilton. This is the default ICL service for this test and is published ([http://www.hicl.on.ca/search\\_tcna.asp?TCString=ACRAB](http://www.hicl.on.ca/search_tcna.asp?TCString=ACRAB)).

**Related tests:** Please note that Quest Diagnostics offers three related tests: Acetylcholine Receptor Antibody; Acetylcholine Receptor Blocking Antibody; Acetylcholine Receptor Modulating Antibody. Please contact ICL Client Care for further details of these Quest services.
