

Memo No. 2022-033
Date: 13-Sep-2022
Memo To: Clients
Re: *Test Revisions: C3 and C4 Complement*

C3 Complement and C4 Complement are performed for ICL clients at Unity Health Toronto, which is comprised of St. Joseph's Hospital, St. Michael's Hospital and Providence Healthcare.

A projected change in test site from St. Joseph's Hospital to St. Michael's Hospital has been rescheduled due to unexpected reagent shortages.

Effective immediately, the C3 Complement and C4 Complement analyses presently performed at St. Joseph's Hospital are moved to St. Michael's Hospital.

Please refer to the online Test Catalogue for details including test method, reference values, interface codes, etc.

There is no change in test price.
