**Memo No.** 2023-038  
**Date:** 23-Aug-2023  
**Memo To:** Clients  
**Re:** *Service Revision: Urine Drug Screens*

---

Effective immediately, broad spectrum LC-MS urine drug screen services performed at Hospital for Sick Children, Toronto are temporarily unavailable.

A new temporary service is available at Quest Diagnostics - [Toxicology Screen, Urine](#). Please refer to the online Test Catalogue for details.

The new Quest service includes LC-MS detection of various barbiturates, benzodiazepines, and other classes of drugs, as well as screening for volatiles (methanol, ethanol, isopropanol and acetone). The current list of drugs and/or metabolites analyzed and their corresponding limits of detection can be accessed [here](#).
