

Memo no.: 2024-040
Date: 30-Aug-2024
Memo to: Clients
Re: Streptococcus pneumoniae Antibodies

[Streptococcus pneumoniae Antibodies – IgG 23 Serotypes MAID, Serum](#) testing performed at Quest Diagnostics has resumed.

[Streptococcus pneumoniae IgG Antibodies 23 Serotypes, Serum](#) performed at Mayo Clinic Laboratories will be maintained for a period to provide testing for patients who had an initial test performed at Mayo. After this initial period, the Mayo service will not be routinely offered by ICL, and clients will be notified of this service change.

In the interim, specimens will be referred to Quest unless the request clearly specifies the Mayo service. The Mayo service should be specified by providing the Test ID **STREPIG23 S** and clearly specifying “Mayo”.

If you have further questions, please contact Client Care at 416-422-3000 ext. 300 or info@iclabs.ca
