

**Memo:** 2024-047  
**Date:** 17-Oct-2024  
**Memo to:** Clients  
**Re:** ***Test Updates: Sperm Antibody, Itraconazole & Amiodarone and Metabolite***

---

***Sperm Antibody***

Effective immediately, Sperm Antibody testing performed at Quest Diagnostics is no longer available.

***Itraconazole, Serum/Plasma***

Effective immediately, Itraconazole, Serum/Plasma will be reported to include the metabolite hydroxyitraconazole. Please refer to ICL online test catalogue for more details.

***Amiodarone and Metabolite, Serum***

We have been informed by University Health Network that due to a calibration adjustment, results for serum Amiodarone and Metabolite values will decrease on average of 0.25 mg/L effective 17 October 2024. This adjustment will be reflected in all future results, and a comment will be included to each report to reflect this change.

---
