COVID-19 ANTIGEN TEST RESULTS ON-THE-FLY

FOR TRAVEL
TO USA, UK
& SOME EU
COUNTRIES

The USA, UK, and some EU countries will accept a negative COVID-19 Antigen test result instead of a PCR test result. ICL delivers results in less than 30 minutes, while you wait. Come for a quick swab and leave with your lab report in hand. Test is performed by our lab at 57 Gervais Drive, North York (Don Mills & Eglinton area)

4

RESULTS IN 30 MIN OR LESS

Upon arrival you will be screened for COVID-19 symptoms and your swab will be collected. Results will be available in 30 minutes or less (in most cases).

5

WE ARE A LICENSED & ACCREDITED LABORATORY

ICL operates Laboratory Licence #5800 issued by Ontario Ministry of Health and Long-Term Care under the Laboratory and Specimen Collection Centre Licensing Act. ICL is ISO 15189 Plus™ accredited by the Institute for Quality Management in Healthcare. This test is Health Canada approved.

SWAB & FLY *for less*

FAQs

1 WHY CAN I HAVE AN ANTIGEN TEST AS OPPOSED TO A PCR TEST?

The USA, UK & some EU countries accept Antigen tests, as well as PCR tests. The COVID -19 Antigen test can be performed more quickly and at a lower cost to you than a PCR test. Many countries do not accept Antigen tests. Please check with your destination country prior to booking with us.

2 WILL THE SWAB BE PAINFUL?

The Antigen test requires a nasal swab. The swab will be inserted less than 2.5 cm (1 inch) into your nostril for 10-15 seconds. You may find this slightly uncomfortable, but it should not be painful.

3 HOW LONG WILL I HAVE TO WAIT FOR THE RESULT?

Testing is completed while you wait (within 30 minutes of collection). In rare cases, a second swab may be collected to obtain results (at no additional charge).

4 WHAT IF MY COVID-19 ANTIGEN TEST IS POSITIVE?

A positive Antigen test does not necessarily mean you have COVID-19 and we will offer to collect a second swab to be submitted for PCR testing to the provincial testing program (at no additional charge).

5 WHAT IF I AM EARLY OR LATE FOR MY APPOINTMENT?

We ask that you arrive no more than 5 minutes before your scheduled appointment time as we have limited seating inside and must maintain physical distancing while you wait. If you are few minutes (10-20) late for your appointment, that is okay, if you are more than that, we may need to ask you to rebook depending upon the number of swabs we are collecting on a given day.

6 WHERE IS ICL LOCATED?

We are located at 57 Gervais Drive in North York. The closest major intersection is Don Mills Road & Eglinton Avenue. We are easily accessible from the Don Valley Parkway via Wynford Drive. Free parking is available.

Results in hand 30 minutes or less!
